Examiner's Statement of Reasons for Allowance

Claims 34-77 are allowed over prior art of record.

The following is an examiner's statement of reasons for the indication of allowable claimed subject matter.

Closest prior art of record directed to Davis (USP 5,825,879) discloses a transceiver system for receiving content contained in a secure digital broadcast signal, comprising:

a bi-directional digital bus for communicating digital information thereon [fig. 4, authenticated secure path 408, col. 5, lines 47-59, see also fig. 3, element 3, col. 5, line 31-39, a communication path between encryptor and decryptor];

a first encryption/decryption unit coupled to the bus (EDU)[fig.4, Image generation device 400];

a second EDU unit coupled to the bus [Frame Data DECRYPTOR 324];

a first encryption unit coupled to the first component, and for encrypting the data stream for transmission to generate an encrypted data stream [Frame Data Encryptor 320];

Davis teaches transmission of digital signals on the bus wherein audio signals are transmitted between the first and second EDUs in encrypted form [fig. 2 and associated text, col. 5, lines 5-11, control lines 224 coupling a management processor 240 to the Secure Video Content processor (SVCP)]. However, prior art of record is silent in disclosing a controller for establishing encryption/decryption keys for the first and second

EDUs and without exposing an unencrypted data stream as recited in independent claims 34, 45 and 59.

Dependent claims 35-44, 46-58, and 60-77 are also allowed by virtue of their dependencies.

None of the prior art of record, either taken by itself or in any combination, would have anticipated or made obvious the invention of the present application at or before the time it was filed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
